New Business/Announcements

1. 1130 W 6th St (formerly Wiggy's) – Amanda Morrow and Richard Suttle from Armbrust & Brown presented on behalf of the new owners of 1130 W 6th St and the surrounding buildings about a proposed request for a conditional use permit to authorize operating a bar at the location. The committee and other individuals present asked questions and made comments. No action was taken, but the committee suggested that the applicants bring a proposal to the general membership meeting in December for a potential agreement to address certain concerns in exchange for support for the conditional use permit.
2. Events – Amy Bodle provided an update on proposed events. The committee decided to wait to schedule the proposed scavenger hunt until it was ready.
3. Membership – Kate Ertle reported on current membership statistics.
4. Transportation – Mike Sullivan reported that progress is being made on the Paul and Pressler railroad crossings
5. Zoning – Sheila Lyon reported on the zoning proceedings
6. SC Nominations – Mike Sullivan indicated that he would be presenting nominations for the 2021 Steering Committee at the next general membership meeting
